

PET STAIN & ODOR REMOVER

Chemically Neutralizes Odors

SPOTTER

Pet Stain & Odor Remover is a blend of odor neutralizing agents and stain releasing compounds. Pet Stain & Odor Remover chemically neutralizes the odor utilizing a multi-Bacillus spore enzyme to digest the source of the odor.

- **Chemically neutralizes odors**
- **Removes spots and stains**
- **Encapsulates soil attracting residues**
- **Speeds breakdown and digestion of proteins**
- **Available in: 1 L (34 oz) 4 L (1.06 US gal) or 20 L (5.28 US gal)**

pH: 6.7

Dilution Ratio: Ready to use up to 1:4

DIRECTIONS FOR USE:

Shake well before using.

Pretest in an inconspicuous location for color fastness and fibre stability.

DO NOT USE ON WOOL

For Heavy odors and soiling: Apply ready to use Pet Stain & Odor Remover directly to the surface using a sprayer or flip spout applicator. Allow to dwell for 15 minutes. Using a tamping brush, tamp the affected area to agitate.

Blot with clean white towel from the outside in to prevent spreading of the spot or stain until the moisture is gone.

For best results flush the area with hot water extraction using Esteam Fibre Rinse solution.

For odor sources that have penetrated into the subsurface, Pet Stain & Odor Remover can be injected into the subsurface to attack and digest the odor source.

For light odors and soiling: Mix 25 oz (756 ml) of Pet Stain & Odor Remover with 1 gallon (3.78 L) of water (1:4 Dilution). Apply mixed solution directly onto source using a sprayer held close to the surface. Allow 15 minutes dwell time then blot with a clean white towel working from the outer edges inward to prevent spreading of the spot or stain.

Keep this product out of reach of children. Read the Material Safety Data Sheet and Product Label before using. Take the necessary precautions dictated by the label to ensure that your health and that of your customers' is protected.
