

# Professional strength hot water extractor.

The E600 is a compact high performance extractor featuring 6 gallon solution and recovery tanks, a high output 3 stage vacuum motor and 150 PSI demand solution pump. Complete with fold down handle making it easy for transportation in almost any vehicle. Available with or without internal inline heater.

The E600 is backed by a limited lifetime warranty on the rotomolded polyethylene body housing, and one year on the vacuum motors and solution pump from any defects in material or workmanship.
