

# AROMACIDE

## Odor Neutralizer

Aromacide Deodorizer counteracts and neutralizes organic malodors. It works effectively on a wide variety of common and specialized odor problems, including airborne malodors, skunk musk, urine odors, smoke odors, bacterial and fungal odors, stale odors, vomit, and many other organic and protein odors. The product physically bonds to the odor, surrounds it with an odor barrier and then leaves a fresh fragrance in its place. Aromacide Odor Neutralizer neutralizes odors and does not just “mask” them.

RTU pH: 7.0-7.5

Dilution Ratio: 1:4

Available in:

- 3.79 L (1 US Gallon) - Part # 2698-4308

For General Purpose Deodorizing: Mix 1 part solution with 4 parts water in a spray applicator. Saturate spray all areas of contamination. This solution may also be fogged using a wet fogger. Wear a NIOSH approved N95 organic vapor respirator, gloves and goggles when fogging the treatment area. For fogging, area must be vacated of pets and unprotected people for 30 minutes after treatment.

For urine contamination: Mix 1 part solution with 4 parts water. Saturate spray or pour mixed solution onto contaminated area. Consider application with an injection system deep into the carpet cushion and subfloor. For best results, allow to dwell for 15 minutes before extraction with a sub-surface extraction tool such as the Spot Lifter, Water Claw®, or Flash Xtractor.

As a cleaning additive: Add up to 8 ounces per ready to use gallon of pre-spray to deal with minor odors during the cleaning process.

**Keep this product out of reach of children. Read the Safety Data Sheet and Product Label before using.**  
**Take the necessary precautions dictated by the label to ensure that your health and that of your customers' is protected.**
